

**600M**

**motorbikes  
(global 2023)**

**China 221M**

**Indonesia 125M**

The 150cc motorcycle provides:  
**performance,**  
affordability,  
**and practicality,**  
...cherished by owners.

- Motorcycles in Indonesia represent freedom, mobility, and individuality, especially in densely populated urban areas.
- Honda CB 150R - sporty design, responsive power, fuel efficient, and agile handling.
- CuGlide™ in a high-mileage engine versus a Honda approved genuine oil.

- 5,000 km endurance test to measure rejuvenation benefits of CuGlide™-powered synthetic no-SAPS SAE 10W-30!

**CuGlide™ x Honda CB 150R provides owners with renewed engine protection, power, and efficiency**

**EFFICIENCY**

**FUEL  
CONSUMPTION**

**POWER &  
TORQUE**

**GHG  
EMISSIONS**

**HEALTH**

- All critical engine components kept **clean and free from wear.**
- **Increased power & torque (4%)** with less fuel (**4%**).
- **Lower harmful exhaust emissions** (up to **4%** less).
- **Direct benefit to protecting human health** in areas where motorcycles are popular.

**CuGlide™. A unique product which rejuvenates performance, efficiency, and the lifespan of motorcycles – delivering driver satisfaction whilst reducing harmful emissions and resources which protect human health, livelihoods, and the environment.**

**It's time for change.**
